CHRISTIAN EARL MOCORRO

Computer Science Student | Software Developer & Graphic Designer

[Christian.mocorro@bipsu.edu.ph] | [09485621148] | Biliran, Philippines

PROFESSIONAL SUMMARY

Motivated Computer Science student with a unique blend of technical expertise in software development and creative proficiency in graphic design. Experienced in building functional, user-focused applications and designing compelling visual identities. Seeking opportunities to leverage cross-disciplinary skills in web development, software engineering, or digital design.

EDUCATION

Bachelor of Science in Computer Science

Biliran Province State University (Main Campus)

Relevant Coursework: Data Structures, Web Development, Database Management, Artificial Intelligence.

TECHNICAL SKILLS

Programming Languages: JavaScript, Python, PHP, Java, Dart, HTML5, CSS3

Frameworks & Technologies: Flutter, Firebase, MySQL, Git/GitHub, Responsive Web Design

Design & Creative Tools: Adobe Photoshop, Canva, UI/UX Principles, Apparel & Jersey Design, Brand Identity

SOFTWARE & ACADEMIC PROJECTS

Road Damage Detection System | Python, YOLO, Flutter

Developed an AI-powered application designed to identify and classify road damages (potholes, cracks) using computer vision.

Integrated the YOLO object detection model with a mobile frontend for real-time reporting.

Bill Reminder Application | Flutter, Firebase

Built a cross-platform mobile application to help users track expenses and receive automated payment reminders.

Utilized Firebase for secure user authentication and cloud data storage.

Academic Database System | PHP, MySQL

Designed and developed a web-based system to manage student records and academic data.

Implemented secure CRUD (Create, Read, Update, Delete) operations and role-based access control.

CREATIVE & DESIGN EXPERIENCE

Freelance Graphic Designer | [2023] – Present

Apparel & Sportswear: Conceptualized and designed custom basketball jerseys, shirt layouts, and team merchandise.

Brand Identity & Print: Tri-fold brochures, and promotional posters for local organizations and academic events.

Digital Art: Produced high-quality visual content utilizing Adobe Photoshop and Canva, ensuring brand consistency and visual appeal.
